Tunisia Pavilion: Arrival of new craftsman

Brahim Arfaoui came to Aichi on 19th may 2005, for one month, not only to show his skills in the field of manufacturing Tunisian traditional bird's cage named "Cages of Sidi Bousaid" but also to inform more about his country and its secular culture and traditions.

The Cage of Sidi Bousaid

Very elegant and very decorative, the cage of sidi bousaid, inspires itself in the decoration of arabesques of the wrought-iron window (Zlabiya) that decorates facades of palaces of the old Tunis.

As to the good old time entirely hand-made by craftsmen of Sidi Bousaid, of Sfax, of Raf Raf... it is available in all retail outlets of articles of the handicraft.
