

Press release of Romania Pavilion

Let's share together Romanian traditions!

27 of August - Romania Pavilion is inviting you at a special show of traditions. If you haven't been at the EXPO Hall on 20 of August for our performance on Romanian traditions, we invite you daily in our Pavilion.

The surprise of the traditional music is completed by the rhythm of the instruments and the richness of the colorful costumes. "Dubasii din Vadul Izei", "Osenii din Calinesti" and "Calusarii din Cezieni" are different faces of the same culture. Following the logo of Romania Pavilion at the World Exposition – "Heritage for the future" - we tried to bring for the Japanese visitors the best of our culture, offering a rich landscape of our living traditions.

Romania's participation at the World EXPO 2005 Aichi Japan is coordinated by the Romanian Ministry of Foreign Affairs. Our Pavilion has been visited until then by more than 1 million visitors. Join us too!
