

Reporting and Photography during the Expo

Regarding reporting and photography inside the Japan Pavilion Nagakute and Japan Pavilion Seto during the Expo, from Monday, July 25 the reporting and photography times will be changed.

We are restricting the locations and times of reporting and photography inside the pavilions while the pavilions are open in consideration of visitors to the pavilions.

We thank you for your understanding and cooperation.

Japan Pavilion Nagakute

Based on the large number of requests for reporting and photographing of the Japan Pavilion Nagakute that have been received from members of the press, from Monday, July 25 photography will not be permitted in some areas of the pavilion while the pavilion is open. The regulations for reporting and photography inside the pavilion are stated in the table below.

If you wish to report on or photograph the pavilion, please fill in the attached application form and fax your application in advance. After your application is received, a PR officer will contact you to confirm the details.

If you just want to view the pavilion, you can do so in the same way as general visitors.

(In this case it will not be possible to film inside the pavilion.)

Regarding reporting inside the pavilion that includes photography and filming:

Japan Pavilion Seto

If you wish to report on and photograph the Japan Pavilion Seto, please make sure that you apply in advance.

For viewing or reporting (no photography permitted), you can enter the pavilion in the same way as general visitors.

Admission to the Japan Pavilion Seto requires a reservation ticket, so please collect a ticket at the reception and come to the pavilion at the designated time.

If you wish to take photographs, we will arrange this at a time either before opening, during opening, or after closing, so please apply in advance. **(Photography is prohibited in the circular theater on the second floor.)**

Applications for reporting time will be handled in the order they are received.

Please understand that as arrangements are made within a set time-frame, we may not be able to fulfill your request.

If your reporting coincides with maintenance of the imaging devices, we may not be able to arrange reporting.
